

CMB RC150 Rubble Crusher

Designed, Developed and Manufactured by CMB International

INTRODUCTION

The CMB Rubble Crusher is the ultimate, self contained crusher that is easily towed by car to wherever you want to crush or recycle. Start it up and immediately produce crushed material. It's simple, better for the environment, effective and will save you money.

Applications

- Recycling
- Demolition
- Gold Mining
- Infrastructure
- Natural stone quarrying, mines, gravel pits, river beds

The CMB Rubble Crusher eliminates the following unwanted costs by crushing the material on-site, so that it can be re-used immediately.

- Landfill costs
- Skip hire
- Transportation costs
- External crushing
- Bought aggregates from quarries

GUARANTEED • ALL OF OUR WORK IS FULLY

The CMB Rubble Crusher, with next to no set-up time and low running costs, is the ideal machine for low to moderate crushing projects.

Key benefits

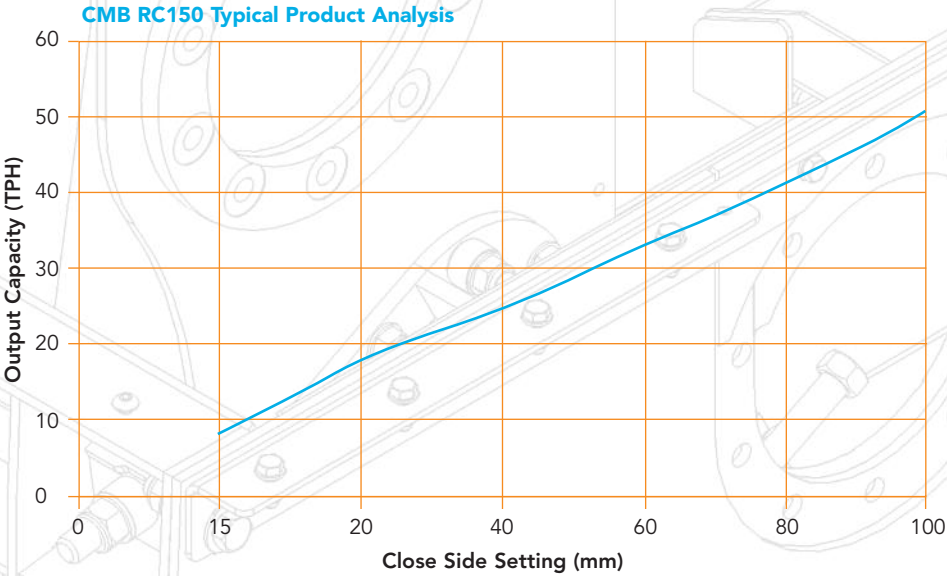

- Very cost effective
- Easily transported
- Simple to use
- Eliminates external costs
- Time efficient
- Robust build
- Minimal maintenance
- Better for the environment

The CMB Rubble Crusher is also available as a stand alone crusher

RC150 RUBBLE CRUSHER - PERFORMANCE

Capacity based on crushing clean dry stone with a bulk density of 1.6 tonnes per cubic metre.

RC150 RUBBLE CRUSHER - TECHNICAL SPECIFICATION

Dimensions (mm)	RC150
Trailer/crusher module weight	3000kg/2400kg
Suspension/undergear	4 wheel braked "Bramberride" bonded rubber suspension units. Hydraulic overrun braking with ball or eye coupling. Fully wired lighting to ISO standard.
Jaw	650 x 350 single toggle with replaceable manganese wear parts
Feed	Fixed hopper
Discharge	Chute or short conveyor with flexible cable drive
Engine power options	Hatz 3L41C air cooled silentpack diesel, 28kW@1800rpm 22.5kW 3 phase electric
Clutch	Dry plate overcentre clutch with manual operation
Drive	Mechanical, Poly-Vee belt
Options	Powered crusher module for incorporation into fixed plant "one-drop" fully assembled modular fixed plant Feed/Discharge conveyors Power options Post screen Vibrating feeder with grizzly Reject grid
Emissions standard	Available for all regulated and non-regulated regions
